VCNP REPRESENTING & WORKING FOR ALL NURSE PRACTITIONERS IN VIRGINIA

The VCNP’s Goals are to:

• Promote the role of nurse practitioners in clinical, professional, educational, and political systems.

• Advance nurse practitioner roles as integral components of quality health care delivery through public relations, political activism and consultation.

• Foster growth through continuing professional development and education.

• Connect nurse practitioners with one another across the Commonwealth

The VCNP:

• Engages with nursing coalitions, national NP organizations and other stakeholders to ensure a unified voice for all nurse practitioners in Virginia.

• Represents Virginia’s nurse practitioners with other professional and community groups.

• Provides health policy and regulatory advocacy through coordinated regional legislative activities.

• Leads political action to promote access to care for all citizens and to advance full practice authority for all NPs in Virginia.

• Represents nurse practitioners with other professional, and community groups.
